

# Pinotex Solar Terrace Oil

Waterborne oil for exterior wooden surfaces with excellent durability.

**Excellent durability**  
**Wax enriched**  
**Prevents moisture penetration and cracking**  
**Contains UV-filter**  
**Low odour**

**Product Description:** Pinotex Solar Terrace Oil is designed for terraces, furniture and facade cladding. The oil penetrates well into surface and prevents moisture penetration and cracking. Pinotex Solar Terrace Oil can be used as clear but pigmentation will give longer durability and protection. The product protects very well against UV rays which means that the interval between maintenance interval will becomes even longer.

**Colour Range:** Colourless to be tinted into 37 colours

**Preparation:** Please ensure that the wood is clean and dry. It is recommended to carry through a trial application before start as the final colour will depend on the original colour, the condition of the timber and the number of coats applied.

Wash resinous wood (larch, cedar) with Pinotex Terrace Cleaner before application.

New wooden surfaces should be surely treated with wood protection primers Pinotex Base for microbiological protection.

**Application:** Stir well before and during application and apply by soft brush. Do not apply in direct sunlight or at risk of rain or dew within 6 hours after painting. Never paint under +8°C or at a high relative humidity (> 80%). Apply 2 coats of Pinotex Solar Terrace Oil or up to excess. Apply in a full flowing even coat, working well into joints. It is important to wipe off excess oil to avoid film forming.

**Coverage:** Approximately 8 – 10 m<sup>2</sup>/l on planed wood.

**Drying Time:** Repainting: in 12 hours.

**Cleaning:** Clean the brushes immediately after use in water.

**Binder** Alkyd emulsion / acrylic

**Important Information:** Protect from frost.  
Shelf life: (Unopened) at least 3 years from production date.

Please refer to the Technical Data Sheet and MSDS for detailed information.

**Manufactured by:** Akzo Nobel AS, Tobiase 8, 10147 Tallinn, Estonia, tel: +372 630 5299,
